### **Overview:**

On June 20, 2013, SB 1374 was signed into law by Governor Jan Brewer. HB1374: Board of Behavioral Health Examiners Statutory Changes and Continuation of the Board, includes some dramatic changes. This piece of legislation significantly alters some of the laws governing our professions, along with the structure of the BBHE (Board of Behavioral Health Examiners). These changes will occur as early as September 2013 and continue for the next couple of years.

In this presentation, Richard will discuss and outline the changes that are included in this bill, along with the proposed time table for implementation. He will also discuss the rule writing process, open public forums for your participation and the BBHE appointment process.

Learning objectives include:

- Review history of this legislation, and the continuing legislative process
- Understand how this bill affects professionals licensed under the BBHE
- Review the Bill's statutory changes and outline timelines for implementation
- Learn what you can do to support these changes
