

3/6/13

Great news!

The bill passed the Senate today with a vote of 28 for and 2 not voting!

The bill will be moving quickly to the House. The Senate engrossed version is attached (that means the final version out of the Senate with all the amendments.) along with the fact sheet and a list of those senate amendments..

Please keep the cards and letters coming. Please thank your Senators for their support and start educating your Representatives on why this is so important. You can find your legislators here:

Thanks for your efforts.

Sincerely,

Richard Poppy  
Vice-President
